We must stop tinkering with big government and appeasing our opponents. We are witnessing the death flails of the era of big government; now is the time to kill it and get back to freedom, opportunity, and growth through returning to our Constitution. Let's return power to Texas through the tenth amendment, and let's grow our economy by getting rid of burdensome federal regulation. Vote for Matt McCall for U.S. Congress in the Republican primary for Texas District 21 on March 1, 2016.
